

281—22.8(261E) Obligations regarding registration for advanced placement examinations. The board of directors of a school district and the authorities in charge of an accredited nonpublic school shall ensure that any student enrolled who is interested in taking an advanced placement examination is properly registered for the examination. An accredited nonpublic school shall provide a list of students registered for advanced placement examinations to the school district in which the accredited nonpublic school is located. The school district and the accredited nonpublic school shall ensure that any student enrolled in the school district or school, as applicable, who is interested in taking an advanced placement examination and qualifies for a reduced fee for the examination is properly registered for the fee reduction.
